

Dear Parents

Thank you all for your generation donations of cereal items this morning. Bromley Foodbank will be delighted to receive this and we can feel proud to be supporting such a worthy and local charity.

Mr Palmer from the Spinnaker trust led the assembly this morning and got us all thinking very carefully about where our food comes from and the distance it travels to make it into our homes.

It has been a very busy day for year 1 and 2. In between having school photographs taken the children have been visiting the science dome in the small

hall. Children in year 2 travelled through space and were able to experience the views of an astronaut. I spoke with Poppy who said, "It was so cool! I really felt like I was floating through space!" As I was going to the dining hall at lunch time today Jacob stopped me to tell me what a great day he was having. When I asked him what had made it so good he explained that his visit into space had been brilliant! I am looking forward to hearing from year 1 who spent the afternoon in the land of the dinosaurs!

Thank you to all the parents who supported our parent events this week. The feedback from the maths workshop was very positive and it was great to see so many of you in school. In November there will be opportunities to come in to learn more about phonics and reading so please put the dates into your diaries! Year 6 families had the opportunity to meet Tim Davies from Hindleap Warren to find out more about our School Journey in March. Everyone left feeling very excited about the trip! Please send in your deposits to Mrs Wood. Wishing you all a great weekend!

Mrs Williams

CELEBRATING SUCCESS

This week several more children achieved their bronze awards for working hard in Mathematics! Well done everyone-keep up the good home learning. On Monday we will be hearing about children who 'connect' well with others! I am looking forward to discovering who our great team workers are and the ways children support each other!

Attendance

Congratulations to 3W for recording the best attendance this week! You can now place 3 more ping-pong balls into your Golden Jar! I hope you are beginning to think about the treat you want once that jar is full! Overall attendance has dropped slightly to 96% we are still above national averages but I would like to see this go back up.

HEALTH AND SAFETY

Fire Drill

This week the children were put to the test during a fire drill. Unfortunately the dust from the work men working in an upstairs room triggered the alarm and we had to evacuate the building. The children were excellent as they left the building calmly and maturely. We usually plan our drills in advance so it was good to see our systems working efficiently in an unplanned event.

Packed Lunches

Please can we remind all parents that any nut products are not allowed as we have children with severe allergies-this includes **NUTELLA**. Please can we ask you to check your lunch boxes so we can ensure the safety of all our pupils?
