1. Promoting British Values at Worsley Bridge Primary School

At Worsley Bridge Primary School we take very seriously our responsibility to prepare children for life in modern Britain. We ensure that the fundamental British Values are introduced, discussed and lived out through the ethos and work of the school. All curriculum areas provide a vehicle for furthering understanding of these concepts and, in particular, our RE, PSHE and Citizenship lessons provide excellent opportunities to deepen and develop understanding. Children embrace these concepts with enthusiasm and demonstrate a good understanding of their application to their own lives.

The school makes considerable efforts to ensure children have exposure to a wide experience beyond their local community during which these concepts are shown, through for example, sporting events, a range of visits and use of outdoor education centres. Their strong rooted values-based understanding gives them an excellent platform for embracing difference.

2. Democracy

The ability to communicate is the most important area of learning. We ensure that pupils are given a 'voice' to communicate. The method of using this 'voice' could be using words, objects, photographs, pictures, symbols, touch cues, eye pointing or body language. We empower our pupils by giving them opportunities to make choices about the things that they believe to be important. By valuing each 'voice' and by listening and responding to that voice we demonstrate that we support democracy and liberty. Pupils learn about democracy in society today and the implications for individuals when it is not present.

Each year the children at CPPS will decide upon their class rules and the rights associated with these. All the children contribute to the drawing up of the rules. Every year we will elect a new School Council who will work to make the school a better place. Pupils at Worsley Bridge undertake democratic procedures in order to stand/elect a representative for their class. The School Council will meet regularly to discuss issues raised from classes and are genuinely able to effect change within the school.

The curriculum at Worsley Bridge provides the children with a wealth of opportunities to make choices within their learning. Working collaboratively is an integral part of ethos and will ensure children know how to communicate effectively in order to secure the outcomes they require. In addition, pupils and parents will have regular opportunities to put forward their views about the school e.g. termly surveys conducted at parents' evenings.

3. Rule of law

At Worsley Bridge we involve pupils in setting codes of behaviour; helping pupils to make decisions and choices that are acceptable to the whole school community and society at large. Pupils are helped to learn to manage their behaviour and take responsibility for their actions. Staff are committed to providing a consistent and predictable environment within the school and beyond.

Pupils are taught from an early age the rules of the school. There are our class rules, playground rules and e-safety procedures.

Pupils are shown:

- The value and reasons behind rules and laws;
- That they govern and protect us,
- The responsibilities that this involves
- The consequences when laws are broken.

Visits from authorities such as the Police and Fire Service will help to reinforce this message. The importance of laws; whether they are those that govern the class, the school, or the country, are consistently reinforced at Worsley Bridge.

4. Individual Liberty

Pupils at Worsley Bridge are encouraged to become good and valued citizens. We achieve this by supporting each pupil to become as independent as possible. We endeavour to demonstrate that everyone has rights; this includes the right to say 'No' when appropriate. Some pupils will be able to take responsibility for particular roles and to understand that with certain rights comes a level of responsibility. Learning to do things independently is an important part of learning to understand yourself. We support others by participating in local community events and charitable events such as, Red Nose Day/Comic Relief, Children in Need, Remembrance collections and supporting local charities. We believe that by engendering a caring and helpful environment and by learning to be independent can boost and nurture a healthy self-esteem.

At Worsley Bridge pupils are actively encouraged to make choices, knowing that they are in a safe and supportive environment. As a school we educate and provide boundaries for young pupils to make informed choices, through a safe environment and an empowering education. Pupils are encouraged to know, understand and exercise their rights and personal freedoms and advised how to exercise these safely, for example through our e- safety and PSHE lessons.

5. Mutual Respect

Mutual respect is at the heart of our values. Children learn that their behaviours have an effect on their own rights and those of others. All members of the school community treat each other with respect. We promote each pupil's inclusion, where possible, in a range of activities, settings and locations. The children in Early Years have opportunities to integrate with other children. As pupils move into the other Key Stages, further planned events and circumstances are planned for pupils to go into the community to meet with a range of people in a variety of situations which include: sports events, community events and shared participation with other schools in the borough. It is important to facilitate opportunities for schools to be part of the local, national and global communities. Pupils, families and staff have much to offer in the development of community cohesion.

6. Tolerance of different faiths and beliefs

Worsley Bridge Primary School is a diverse school. We actively promote diversity through our celebrations of different faiths and cultures. Religious Education lessons and PSHE lessons reinforce messages of tolerance and respect for others. Members of different faiths and religions are encouraged to share their knowledge to enhance learning within classes and the school. Cultural appreciation and development forms part of our curriculum and we place great emphasis on providing encounters and participation in events and celebrations to broaden all pupils' experiences and awareness of others. Our Assemblies help all pupils to find out about themselves and others linking their lives to the communities in which they belong. The themes cover areas such as: friendships, helping others and celebrations from a range of faiths and world events.

Pupils are encouraged to experience British Culture through our curriculum themes. Schools take part in local competitions and sporting activities, which help to instill 'fair play' and engender a 'team spirit'. The staff at Worsley Bridge works closely with parents, carers and other professionals to ensure that the pupils are happy, well cared for and enabled to learn the skills they need to live a fulfilling life as part of their community.

7. Educational Experiences
