

English

Children will be looking at Greek Myths and will be studying the characters and plot lines. They will then be creating their own version.

Geography

Children will be looking at the human and physical geography of the country. They will also be learning about modern day Greece and comparing it to Britain.

Science

Children will be investigating the topics of magnets & forces and light.

Spanish

We will continue to extend the children's vocabulary.

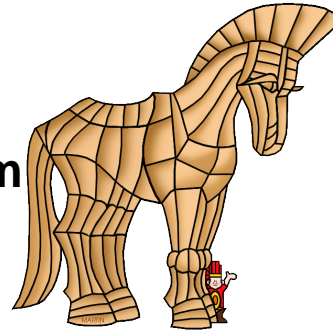

Music

Children will be exploring the sounds and instruments from Ancient Greece.

Maths

Children will be reinforcing their knowledge of place value. They will also learn about measures, using mm, cm, m and km and converting lengths. Children will also be solving problems and using their written methods for all four operations.

Year 3 Summer Term Greece

Key Dates

Ancient Greek Day - 25th May

Homework

Children should continue to use Bugclub. We are also trialling a new scheme called Mathletics. We will also be setting weekly tasks based on our class work.

Computing

The children will be making an animation of their Greek Myth.

History

This term, we will be examining the religion, warfare, daily life, democracy and culture of Ancient Greece.

Art

The children will be creating and decorating their own papier mache vases.

PE

Children will be playing basketball and learning the tactics and rules of different athletic events leading up to Sports Day.

RE

Children will be exploring environmental issues in our topic of Caring for Our World.

Design and Technology

Children will be creating puppets to act out their Greek myth. They will also be creating their own moving monster, based on mythical monsters.
