

## Music

African drumming - We will continue to enjoy and improve our Djembe drumming skills.

## Geography

We will learn about the different peoples, wildlife and landscapes of this great continent. We will be able to describe and understand the key aspects of physical and human geography, including: climate zones, biomes, rivers, mountains, types of settlement, economic activity and natural resources.

## English

We will be focusing on writing engaging adventure stories set in Africa, focusing on using speech and writing detailed descriptions. We will then move on to debates and discussion texts to explore poaching in Africa and whether or not zoos are a good idea to help protect animals.

## Maths

We begin by solving comparison, sum and difference problems using information presented in a line graph, before revisiting and consolidating our place value knowledge. Finally we will learn how to solve problems involving Length, height, perimeter and area.

## History

This term we will explore the fascinating Kingdom of Benin civilisation. We will find out where the Kingdom of Benin was located, what life was like, and how society was organised. In addition, we will investigate the artefacts and evidence that remain of this civilisation.

## Art

Using the breath taking Savannah landscapes as inspiration, we will learn how to blend colours effectively before moving on to create our own masterpieces.

# Year 5 Summer Term Africa

## PE-

On your marks, get set, go...! This term will experience a range of skills such as sprinting, long jump, javelin and other skills ready for sports day. Children will be practising their swimming skills, with an aim to swim 25m or more.

## Design and Technology

We will design a suitable biome for a given animal with the aid of the computer game 'Zoo Tycoon'. We will create models of African animals.

## RE

We will learn about the history of the Bible and its origins as well as investigating the diverse contents and features.
