19-06-20

Another week has flown past and the great learning has continued both in and out of school. Children in reception arrived on Monday. It has been really good to have them back in school and we have been so impressed at how well they have adapted to their new routines. Mums, Dads and Carers you should be exceptionally proud of your children, especially as they are the youngest members here!

The work being completed is wide and varied and the pupils in school are certainly relishing the more creative opportunities. Today year 6 produced some stunning gift cards and Amelia's key worker group made some beautiful origami flowers. We have even been dabbling with some important DIY

life skills! Martin in year 6 proved to be a fantastic assistant for Mr Clark as

he helped to complete some jobs around school this week. Year one are currently producing a booklet all about the rain forest and Scarlett in reception used her sounds to write a great sentence! Well done everyone.

From Monday, our new home learning packs are available for collection. Please drop by when you can as it is lovely to make contact with you. There are still some of the children's books to collect too.

Zoom online learning will begin once we have finalised the protocols and home/school agreement so please respond promptly once you receive the email. We will start with one or two sessions initially and then develop the offer more broadly once we know things are working well.

Mrs Drake would like to share news about this year's reading challenge so please take a look below. Wishing you all a great weekend

Mrs Williams

[Summer Reading Challenge 2020](#)

This year children can still take part in the Summer Reading Challenge all from the comfort of your own home. Use this link <https://summerreadingchallenge.org.uk/home-zone-src> to find out more information and sign up. You can choose any number of books to read for

the challenge, you can read books that you have at home, e-books via your library website, school reading books etc. Your children unlock badges the further that they progress through the challenge & there are games on the website to play. You can even print off your own certificate at the end once you have completed the challenge!

Have fun and enjoy reading over the summer.

Mrs Drake
