NEWSLETTER

02-12-19

This week's newsletter must start with a very **BIG** thank you to the PTFA for organising the most wonderful winter market! The afternoon was enjoyable for adults and children alike and provided a lovely opportunity for families who are thinking about joining Worsley Bridge to experience our fantastic community. We are looking forward to hearing how much has been raised, this year funds will be used to develop the OPAL play resources. Thank you PTFA-your hard work and dedication is really appreciated!

I think you will agree that the decorations in the hall look wonderful. Classes have worked very hard to produce these and I know the families in reception had a great time working with their children at the EYFS 'Stay and Play'. Well done everyone, you have certainly made me feel very Christmassy!

Reception children continued to have a wonderful week by visiting the church as part of their 'celebrations topic'. While they were there they took part in a wedding ceremony conducted by the Rev Simon! They have continued to work hard back in class making a wedding dress, wrapping wedding presents and sending out invitations to a very special wedding.

Preparations are well under way for our Christmas performances. Reception, Year 1 and Year 2 are busy rehearsing for 'Like Camel

Action 2', the much awaited sequel! Please book your tickets carefully as this year preschool aged children (including babies) are invited to a special showing. School aged siblings will see a performance in school. The adult only showing will be for the grown-ups only! Year 5 and 6 will be singing at the church at our first ever Carol Concert and we will look forward to a spring show from year 3 and 4 next term.

Wishing you all a great week

Mrs Williams

Celebrating Success

Celebration Assembly

We ended last week by awarding certificates to lots of incredible children. The teachers nominated children for a whole host of reasons including: committing themselves fully to their Christmas rehearsals, for excellent investigative work in science and great resilience and self-regulation in PE.
